

MN Association on Higher Education and Disability

MN AHEAD provides support and education to professionals working with secondary and post-secondary students with disabilities. Members network through the Annual Spring Conference, monthly meetings on current disability issues/agencies/technology, and electronic communications. MN AHEAD welcomes new members and encourages their participation.

Mission:

The Minnesota Association on Higher Education and Disability is an organization of professionals committed to full participation in higher education for persons with disabilities. The organization is dedicated to serving as a resource in promoting excellence through networking among professionals, dissemination of information, and providing or promoting professional development opportunities.
